## Landfills

# **Adapting to changing markets----Short term**

**Slow equipment down**

**Hire more staff**

**Rely on good domestic mill relationships**

**Quality audit on inbound and outbound material**

**Increase charges backs to municipalities and haulers**

**Explore equipment to help with new quality standard**

# **Adapting to changing markets--Long term**

**Install new equipment to help meet new quality standards**

**Contract language needs to improve**

**Review accepted material stream determine recycling feasibility**

**Improving domestic mill options**

**Finding new end users for hard to recycle items or create our own end use**

**Illinois Task Force on contamination**
