

LEGISLATIVE COMMITTEE DESCRIPTION

As of 2021 this is a function of the Illinois Recycling Association (IRA). A report to the IRF will be made at each monthly IRF Board meeting.

The Legislative Committee is composed of IRA Board members and general membership. One (1) member is assigned to participate in scheduled calls with the Illinois Environmental Council (IEC) and report to the board on the status of pending legislation as reported in the IEC Legislative Bill Tracker. In addition, the IRA Board will determine if a separate lobbyist is under contract and, when contracted, a monthly report will be provided by the lobbyist.

2021 Committee Members:

Ron Tazelaar, IRA President, TAZ Recycling
